The diagram illustrates a header file dependency. At the top is a gray box representing the header file 'src/mdtdevice/mdtDeviceContainerWidget.h'. Below it are two white boxes representing source files. A blue arrow points from the left source file, 'src/mdtdevice/mdtDeviceContainerWidget.cpp', to the header file. Another blue arrow points from the right source file, 'src/mdttools/mdttesttool/mdtTtBasicTesterWindow.cpp', to the same header file.
