

mdtDeviceModbusWagoModule

```
graph BT; A[mdtDeviceModbusWagoModuleRtd] --> B[mdtDeviceModbusWagoModule]
```

The diagram illustrates a class hierarchy. At the bottom is a gray-shaded box labeled 'mdtDeviceModbusWagoModuleRtd'. A blue arrow points vertically upwards from this box to a white box at the top labeled 'mdtDeviceModbusWagoModule'. This indicates that 'mdtDeviceModbusWagoModuleRtd' inherits from or is a specialization of 'mdtDeviceModbusWagoModule'.
