

src/mdtutils/mdtError.h

```
graph TD; A[src/mdtutils/mdtError.h] --> B[QString]; A --> C[QMetaType]; A --> D[QMessageBox];
```

The diagram illustrates the dependencies of the header file `src/mdtutils/mdtError.h`. It is represented by a gray rectangular box at the top. Three blue arrows originate from the bottom of this box and point to three separate white rectangular boxes below it. These boxes are labeled `QString`, `QMetaType`, and `QMessageBox` from left to right, indicating that `mdtError.h` includes or depends on these Qt classes.

QString

QMetaType

QMessageBox
